- Helen Sieroda
- Sybille Schiffman
- Miriam Gosling Gage
- Visiting experts

How will this help my career?

The world of work is changing rapidly and employers are hiring people who are adaptable, with diverse skills who can be flexible within their roles, adapting to changing requirements and company culture changes. This course will expand your skills, self-awareness, and stretch thinking preferences helping you to look at issues from different perspectives and consider multiple causes and outcomes. You will learn how to be a wise thinking partner who helps others navigate change in uncertain times.

Why should I come with a colleague?

Attending with a colleague can complement the course as you apply what you learn to real work challenges in a shared system. Together you can deepen your understanding of your organization and its dynamics, its written and unwritten rules, the relationships, values and behaviours. You can support each other in experimenting with tapping into the expertise or resources that already exist, trying out new ways of working and being and sharing the knowledge you've gained.

Who else will be on the course?

We welcome people from a range of sectors and backgrounds involved in change initiatives. Coaches, consultants, managers and leaders of teams who want to address issues of social justice, environmental sustainability and well-being. If these values and purposes resonate and you are ready to navigate the gap between good intentions about using work as a force for good, and everyday complex, real-world dilemmas you will feel at home on our courses.

Do I need a coaching or leadership qualification?

Absolutely not, though some experience of coaching, mentoring and experience in a formal or informal leadership role will be a benefit. In order to get the most from the process you will need to have a field of application; a project or place where you can apply your learning, experiment with actions and learn through experience.

How many hours is the course?

20 hours of face to face teaching and peer learning sessions.
1.5 hours of 1-2-1 coaching with an experienced coach.

How much will it cost?

£800 Individual fee

Charity/social enterprise place: We offer a sponsored place on each course to organisations with strong social or environmental impact. If you would like your organisation to be considered please contact: info@wisethinkingpartners.org

Bursaries: For people who are self funding a limited number of discretionary bursaries may be available, depending on circumstances. Contact us to find out more.

Please get in touch with us if you would like to find out more or discuss the 'pay it forward' scheme.
